Bringing generations together

“Being a volunteer driver with Re-engage isn't really like being a volunteer at all, it's a catch up with friends to eat cake and drink tea once a month! The power of social connections is massively undervalued in our communities and I'm proud to volunteer with an organisation who is taking positive steps to address this.”

“Volunteering for this charity is a joy! My commitment is to host 4 Sunday afternoon teas a year - lots of baking, eating, chatter and laughter - it's mutual joy. Older people have so much to give and share. Not an effort, a privilege.”
