Bassetlaw Community and Voluntary Service: BCVS

BCVS: An empowered and enabled community

BCVS works in North Nottinghamshire to provide the sector with a voice. We encourage community initiatives, empower volunteers and enable organisations through funding, training opportunities and support.

Bassetlaw Community and Voluntary Service works to:

♦ Challenge and address poverty, deprivation and social exclusion through empowering local people to engage effectively in voluntary and community activity.

♦ Create, support and develop sustainable, strong and vibrant communities.

♦ Communicate and facilitate a strong and effective community voice which can influence the policy, strategic planning, service development and delivery process locally, regionally and nationally.
A message from the Chair: Fran Walker

I begin this introduction to the 2017-2018 Annual Review with my sincere personal thanks to all Staff and Volunteers for their outstanding commitment to Bassetlaw Community and Voluntary Service during the past year. I particularly commend our Director for her continued dedication to the Third Sector in Bassetlaw and the wider Nottinghamshire area, which is well recognised. Thanks to Catherine, the organisation continues to have strong representation in many sectors, so that the work of BCVS, can be strengthened, which is essential in these testing times.

I also thank our supportive Trustee Board, especially those on the Finance Sub-Group, who regularly meet with Staff and Volunteers. We are guided by our Director and undertake a variety of training programmes, where Trustees are always positively challenging where appropriate.

BCVS continues to achieve success in an ever changing environment, and I recommend you read the Annual Review carefully, where you will be made more aware of the many amazing achievements.
A message from the BCVS Director: Catherine Burn

Time flies when you’re having fun! Yet again we find ourselves at the end of another busy but successful year here at BCVS and it is with immense pride that I update you of our highlights and achievements.

We have continued to work hard to further develop strategic relationships with our partners, in particular our Health and Social Care colleagues. My appointment as Chair of the Bassetlaw Accountable Care Partnership in 2017, was a major turning point for the sector. As the first VCS Chair in the country, I truly believe that the local VCS has parity of esteem within this partnership and that it will bring many and sustained opportunities as it develops.

This year our Social Prescribing team supported its 940th patient, connecting all service users with activities that help reduce loneliness and isolation, build new relationships and encourage independence. In addition, our Community Advisors have played an integral role in VCS inclusion within Primary Care Homes, working with local GP’s to offer patients non clinical support from within the sector.

In January, BCVS were awarded Nottinghamshire County Council LIS funding as the lead partner in a county wide VCS consortia, Nottinghamshire Together. This is to continue our work with our county colleagues, building a strong and resilient VCS ready to take on any challenges that Unitary Authority, Brexit and Integrated Care should bring.

None of this work would be possible without the exceptional team of staff, volunteers and trustees, whose creativity and tenacity never fail to amaze. I would like to express my sincere thanks to you all for your hard work, dedication and positivity—you are pleasure to work with.
Meet the BCVS Team 2017-2018

Catherine Burn  Director

Independent Financial Examiners:

Partnership Development and Engagement

Our strength at BCVS is ensuring that the Voluntary and Community Sector is as informed as it possibly can be, to prepare for the ever challenging demands on their organisations through dwindling pots of funding. At BCVS we encourage creativity and empowerment within the third sector to build resilience and support sustainability. We work hard to encourage networking and connectivity within our community.

Bassetlaw Public & Third Sector Partnership

As the public sector continues to reduce in size it cannot continue to provide services in an isolated way, as it has done in the past. People's expectations have moved on, and the money to continue working for the community as we did, has gone. As part of the response to this, key public and voluntary sector partners are now working together much more closely in Bassetlaw. We know that what we do affects local people’s lives and the quality of life in the District, and we have to make the most of what resources there are for everyone’s benefit. The Bassetlaw Public and Third Sector
Partnership Comprises representatives from:
- Bassetlaw Community and Voluntary Service
- North Nottinghamshire College
- Nottinghamshire County Council
- Nottinghamshire Fire and rescue Service
- Nottinghamshire Police
- Rural Community Action Nottinghamshire
- Bassetlaw District Council
- NHS Bassetlaw Clinical Commissioning Group

The partnership is led jointly by the Chief Officer from NHS Bassetlaw Clinical Commissioning Group and the Chief Executive of Bassetlaw District Council.

**Bassetlaw Accountable Care Partnership (ACP)**

The Bassetlaw Accountable Care Partnership (ACP) and Programme seeks improvement in experiences, health and wellbeing for Bassetlaw citizens, through simpler, integrated, responsive and well understood services which ensure people get the right support at the right time. Our Director, Catherine Burn was appointed Chair of the ACP on 19th December 2017.

The NHS Five Year Forward View (2015) set a clear vision for the NHS, underpinned by strong collaboration across health and care systems and the necessity to develop new models of care. It placed integrated, holistic person-centred support at the heart of health and care systems, its strategic intention, with the concept of Accountable Care to frame the way that organisations work together to deliver change. Located within the South Yorkshire and Bassetlaw shadow Integrated Care System (sICS), the Bassetlaw ACP Board was established to take a place-based approach to integration and improvement of health and care systems in Bassetlaw.
Community Safety Partnership

Although most community safety partnerships operate at a District or City level, this partnership operates as a merged partnership over the two local district areas, Bassetlaw and Newark & Sherwood, (which is co-terminus with the Nottinghamshire Police Bassetlaw, Newark and Sherwood division).

This Partnership brings together partners and agencies from the public, private and voluntary sectors to work towards achieving our vision to deliver safe, friendly communities in the districts of Bassetlaw and Newark & Sherwood. BCVS is a key member of this partnership.

‘Working together to improve life for local people’

Bassetlaw LGBT+ Forum

Since its inception, BCVS has been a member of the Bassetlaw LGBT+ Forum. The multi-agency group meets to promote principles of equality, based both on sexual orientation and gender within the LGBT+ community in Bassetlaw and North Nottinghamshire.
Organisations included in the forum are:

- Nottinghamshire Police
- Nottinghamshire Healthcare Trust
- The Centre Place
- BCVS
- A1 Housing
- Bassetlaw District Council
- Nottinghamshire Victim Support
- Crown Prosecution Service
- RNN College
- Nottinghamshire LGBT Network
- Stonewall

**BIBA 2017 – Big Ideas Big Ambitions**

A special thanks to all those involved in “Big Ideas Big Ambitions” held in March 2017 at the Retford Post 16. This was more than a careers event, it was a life changing experience for the many young people who attended, well supported by BCVS as always.
Bassetlaw Children’s Day—June 2017

For the fifth successful year, BCVS in conjunction with CSL, BDC and other local organisations facilitated Bassetlaw Children’s Day on the Canch Play park. Over 1,000 people attended for a day of activities and entertainment provided by over 35 local agencies showcasing their services and providing free opportunities for those attending. As always, the day was aimed at families and children who are encouraged to have fun in a safe and friendly environment without spending lots of money. A special thanks goes to Monika Rodzos for her continued dedication and commitment to the event.
Bassetlaw Big Breakfast

20th September 2017—
Stephen Cooper—Community Partner Lead, Dept. for Work and Pensions Work Services Directorate—information around the Partner Team 2017-19, their plans for the National project and action plan aims.

Nottinghamshire Health and Social Care Forum in Bassetlaw

Following research and collating feedback from organisations, we established that there was a clear desire in Bassetlaw for organisations to have some structured conversations around Health and Social Care.

17th May 2017 —
Barbara Brady, Interim Director of Public Health, Notts County Council—’Health and Wellbeing Challenges—Setting the Scene’
Our first Forum took place on the 27th September 2017 and our inaugural speaker was Dr Steve Kell from Larwood Health Partnership. Dr Kell delivered a presentation about Larwood’s transition into becoming a flagship Primary Care Home and the positive impact this was having on both patients and staff. Cathy Harvey and Frank Raspin, from Nottinghamshire County Council Community and Voluntary sector team, followed Dr Kell to facilitate an interactive session garnering feedback on what community organisations wanted from NCC. During the course of the forum, other organisations were invited to share their news with the room of 38 attendees.

Feedback on the structure of the forum was gathered at the event and so the following forum in January 2018, began to take shape in a slightly different way as this feedback was taken on board. Since then the forums have continued on a quarterly basis, and have grown and developed into a really successful format, that attracts a full room of around 30 people per session. New networks and partnerships have come out of the conversations within the group, and there is always a great appetite for the events.
Funding Support and Social Enterprise Development

We are continuously improving and developing our own practices in order to support others to improve theirs, by openly sharing our knowledge and learning, and by helping our funded projects and stakeholders to share theirs too.

During 2017-18, we have supported many local community groups and charities with sourcing funding and grant opportunities, offering support and advice for them to network and enhance delivery of their services. We have mentored and supported groups to recognise and realise their own potential growth and development, and supported several organisations through the process of setting up as a charity or Community Interest Company.

If you are looking for funding support in your local area, please register with our funding portal at www.bcvs.org.uk/funding-news. Here you will find the Idox funding portal which holds a wealth of funding knowledge for the Nottinghamshire area.
Social Enterprise Exchange

Social Enterprise Exchange is a project designed to offer a comprehensive programme of support for social enterprise in Sheffield City Region. The programme is funded by the European Regional Development Fund 2014-2020. The purpose of the project is to contribute to jobs, growth and social inclusion, with the objective of supporting at least 120 social enterprises over a three year period, creating at least 50 social enterprise start-ups and delivering at minimum of 50 new full-time sustainable jobs.

In 2017, BCVS became a Local Incubator Hub as part of a network offering support to social enterprise start-up growth in Bassetlaw under the two themes:

‘Accelerate’—Social enterprise start up
‘Transform’—Developing existing social enterprise

BCVS has supported local groups and organisations through the initial diagnostic process, together with bespoke support for existing social enterprises with further growth potential.

“The information and support I received when first being introduced to the idea of a CIC was brilliant. I was given lots of encouragement and ideas when setting up my business. Without this help, I wouldn’t have ever heard of a CIC—let alone register my business as one! I am now able to offer my fitness services throughout Bassetlaw”
Communications and Engagement

Communication and engagement is key to creating and supporting partnerships with other organisations who support great community-led activity. BCVS is actively strengthening our networks across the County to share ideas, knowledge and evidence from across our funding portfolios, to enhance our judgement and decision making and to support others looking to develop ideas and practice.

Our communications include:

- Weekly BCVS Bulletin – circulated to over 1,100 contacts
- Nottinghamshire Together Partnership E Newsletter
- BCVS Website ([www.bcvs.org.uk](http://www.bcvs.org.uk)) – which incorporates the Idox funding portal ([www.bcvs.org/funding](http://www.bcvs.org/funding))
- Twitter [@bassetlawcvs](https://twitter.com/bassetlawcvs)
- Facebook [@bcvs.bassetlaw](https://facebook.com/bcvs.bassetlaw)
- Bassetlaw Health Website ([www.bassetlaw-health.co.uk](http://www.bassetlaw-health.co.uk)) over 5,000 hits per month

BCVS Communications Hub

BCVS is proud to be a Communication Hub for the Community and Voluntary Sector and local organisations. Through our weekly E-bulletins and our social media activity (Twitter, Facebook and Instagram), we offer a FREE information sharing exchange through our networks and contacts.
We have a regular following of over 1400 people/organisations on Twitter with a reach of 133,000 and a regular reach of over 165,000 people on Facebook. Our live, in-house database holds over 2,900 contacts and organisations. BCVS strives to be at the heart of the community in terms of communication within Bassetlaw.

Twitter 🐦 @bassetlawcvs / @bcvsinvolve

Facebook 📡 @bcvs.bassetlaw

Bassetlaw Health Website

The Bassetlaw Health Website, funded by Bassetlaw CCG, continues to provide easy access to local voluntary sector information, including contact details for organisations and information about the latest NHS health campaigns. The site currently holds up to date information for 1025 services and support groups and is accessed by over 5,000 people, on average, per month. In total, the site received 47,372 hits for the period April 2017-March 2018. The website has been designed to encourage and empower the local community to adopt a ‘self-care’ approach to accessing the many support services on offer within the community.

www.bassetlaw-health.co.uk
Volunteering remains a core function of BCVS business. Our INVOLVE Volunteer Brokerage scheme actively recruits and places volunteers of all ages, within local opportunities. We currently support 183 organisations across Nottinghamshire and have increased the number of opportunities we have listed from 368 to 414.

Of the 382 new volunteers we dealt with in this period, 135 attended face-to-face appointments, the rest were brokered online via requests through email or Do-It.org. We also continued to offer outreach sessions in the community, allowing potential volunteers to discuss their skills and interests in more familiar surroundings. We have continued to network with organisations across Bassetlaw, Nottinghamshire and the East Midlands, to ensure we are meeting their volunteering needs.

Volunteers Week 2018

We continue to celebrate volunteers and volunteering, as part of National Volunteers Week, we hosted a market stall in both Worksop and Retford town centres which was kindly donated by BDC. The stall was manned by multiple local organisations including Bassetlaw Hospice, The Crossing and Age UK.
Fresher’s Week at North Notts College

Once again we attended Fresher's Week at North Notts College, with a stand focussed around online volunteering via website and phone apps. 119 students engaged with the stand, making it a really successful outreach event.
Social Prescribing Service

This is the third year that BCVS has provided the Social Prescribing Service across Bassetlaw. The service, commissioned by Bassetlaw Clinical Commissioning Group (CCG), links people to time limited activities in the community which can help promote independence and wellbeing. It is about connecting people to non-medical sources of support. Access to the scheme is for patients aged 65 and over and patients under 65 who are high users of primary or secondary care and who are socially isolated. GPs and Health Professionals in the Primary Care Homes and nominated rehabilitation professionals are able to refer into the service.

“I really appreciate this service, as some weeks I don’t see anyone for 6-7 days. Now Hannah comes each week and sits and chats. We get on really well and have lots of shared interests—we even loan each other books. It’s been great for me. Hannah is going to continue coming and I will fund the service myself—I’ve enjoyed and value it that much. It’s been excellent”.

23
How the Service Operates

1. GP/health professional will refer the eligible patient into the Social Prescribing Service

2. A Voluntary and Community Service Advisor will meet the patient to discuss their needs and the various Social prescribing options available. Advisors can help patients to access specific support groups, attend local community social groups and arrange community transport if required, access benefits, debt and welfare rights advice, address isolation issues, access services for carer/s, create a plan of action, improve health and wellbeing and independence and access information and advice on a wide range of services.

3. The patient will begin their chosen activity and will be supported by their Advisor at the initial visit.

4. The Advisor will meet with the patient at the end of programme to discuss how they felt the programme went.

“Going to the lunch club and coffee morning in Harworth has been a god send. I was so depressed life didn't seem worth living. Since I first started at the lunch club, Hilary who runs it has been so helpful and welcoming. I quickly made friends and got to know people. I go twice a week to the coffee morning. Its been a true lifeline—you’ve been angels in my life”
Key Successes of the Service

♦ Referrals into the service for year 3 have increased by 35%

♦ 55% of patients who accepted the Social Prescribing Service received wider intervention than offered through the ‘core’ Social Prescribing Service e.g. social activity/transport

♦ In a recent survey of patients who were contacted 3 months after their Social Prescribing Service had finished, 65% of patients reported either continuing the social activity organised by the service, or undertaking another form of social activity

♦ When asked at the end of the service, “how well supported you feel since you have received the BCVS Advisor’s support service”, on a score 1-10 (1 being poor), 94% of patients scored 8 or above

♦ 91% of patients who have fully completed the social prescribing service have either improved or maintained their scores on the outcome measures (accredited assessment tool used by the service) by the end of the 12-week service

♦ The service has provided essential funding into the voluntary sector

♦ The service has sourced 8 new groups that had not previously been widely promoted

Plans for 2018-19

The service will be undertaking the following:

• Patient feedback sessions to ascertain if they feel any changes need to be made to the service

• Surveys will be undertaken with clinicians who refer patients into the service and also organisations the service refer into, to gain valuable feedback about the service.
“Before you came, I just used to sit, look at these four walls and talk to the photo of my husband, who I miss dreadfully. You introduced and paid for me to go to the Aurora Centre and lunch club. There I met Colby who was so helpful—I also met 3 other ladies who have become close friends. We meet for coffee in each others’ homes and sometimes have meals together. I also attend the gym at Aurora weekly. I have really enjoyed it and never thought I could do it. It’s been a lifeline for me. I can see that I’m improving and it’s given me a full life again. Thank you.”

“Has helped a lot with reducing calls to GP’s simply because patients are lonely” - Clinician who refers in to the service
The Community Advisor

Following the initial partnership formed with Larwood Health Partnership in 2016, BCVS is now fully integrated within the Primary Care Home Model supporting all GP Surgeries in Bassetlaw. The overall aim of introducing Community Advisors in to GP surgeries, is to improve the health and well-being of patients through signposting to local services and community support groups. The Community Advisor is available Monday – Friday 9:00am–5:00pm via telephone, email and face-to-face (by appointment) and offer drop in surgeries within GP practices around the district on a weekly basis.

Only by understanding the non-medical issues of a patient and by exploring them further through an additional ‘consultation’, can the Community Advisor Navigate, Signpost, Support & Encourage the patient and/or their families to access the services necessary to improve their quality of life to allow them to have the best opportunity to make healthy lifestyle changes. This helps to build resilience to prevent the re-occurrence of similar problems in the future, whilst encouraging self-care. We are proud to report that 98% of referrals received are actioned on the day of the receipt.

The service has been well received by patients:

“Thank you for listening. I feel so much better talking to someone who understands and has the time to listen”

“This is a brilliant service and the Community Advisor put my mind at rest from all worries”

“This service is bridging the gap between the unknown and the official”
This model has been recognised at a national level as a leader in its field. The role of Community Advisor has effectively raised awareness and engagement of VCS services at a local level. The next challenge is to identify and secure funding to continue this work and development and sustainability and growth of the local sector. During the period March 2017-April 2018, BCVS received 84 Community Advisor referrals.

Testimonies

“This service is amazing— all of this information from just one phone call.”

“I don’t use the internet so I don’t always know how to find the information that I need. You have been so helpful to me. Thank you”
The North Nottinghamshire Support Partnership is a multi-agency advice and support network through a single point of access, for adults in Bassetlaw. This is a joint partnership delivered by BCVS and Bassetlaw Action Centre, funded by Bassetlaw District Council.

NNSP works by enabling people to access a wider range of services. A simple checklist can be completed on the client’s behalf by a partner agency (full list given below) which helps to identify the support, information and advice that they have requested. The completed checklist then generates a referral to the appropriate partner agencies, prompting them to contact the client with the support, information and advice necessary. The referral is accepted by the partner agencies within 7 days.

**Partner Agencies include:**
- 2 Shires Credit Union
- A1 Housing
- Aurora
- Bassetlaw Action Centre
- Bassetlaw Bereavement Centre
- Bassetlaw District Council
- Bassetlaw Locality
- BCVS
- CAB
- Centre Place
- Change Grow Live
- Christians Against Poverty
- Dial A Trip
- Everyone Health
- Illegal Money Lending Team
- JOEL
- MIND
- Mine of Information
- NCC
- Notts Fire and Rescue
- Notts Police
- RVS
- Smoke Free Life
- WEA
- Women’s Aid

The checklist is split into 5 sections:
- Money
- Housing
- Health and Wellbeing
- Employment
- Transport

By the end of this reporting period, 193 people (an increase of 370% on last reporting period) had been supported into the programme, resulting in 313 referrals (322% increase on last reporting period) out to partnership organisations.
Nottinghamshire Together is a primary partnership between Nottinghamshire County Council, Bassetlaw Community and Voluntary Service (BCVS), Self Help Nottingham & Nottinghamshire, Community Accounting Plus and Mansfield Community and Voluntary Service (MCVS), Voluntary Action Broxtowe (VAB), with associate partner Rural Community Action Nottinghamshire (RCAN).

This programme supports the Nottinghamshire County Council Community Empowerment and Resilience Programme as part of the Redefining Your Council framework. Together we will coordinate and develop infrastructure support for the local VCS, that maximises existing resources and adds value to the market.

Working at a strategic level to deliver capacity building, engagement, technical support and a ‘Voice’ that supports a sustainable collaborative sector that is able to quickly respond to challenges whilst proactively creating sustainable solutions to emerging challenges and opportunities.
Looking at creative resident-led solutions where it is not possible to deliver service provision in ways traditionally funded by the Council.

BCVS would like to thank Worksop Priory and Gatehouse Community Trust for their support and good will as our Landlords throughout the reporting period.

During the period of April 1st 2017 and 31st March 2018, The Old Abbey School has hosted Transform Training as a main tenant of the building. We have also welcomed regular bookings from North Notts College, WEA, St John Ambulance, and Dukeries Rotary Club.

If you are interested in hiring any of our rooms, please contact: Annie Parry on 01909 476118 ext 21 or email officecoordinator@bcvs.org.uk.

During this period, we have also delivered the following training courses:
- BBC Children in Need Funding Workshop
- Building a Stronger Community Together
- GDPR Training

  - Total funds brought forward: 296,078, 96,811, 392,889, 287,967
  - Total funds carried forward: 381,643, 99,148, 480,791, 392,889

All of the charity’s activities derive from continuing operations during the above two periods.
The funds breakdown for the period is shown in note 19.
BCVS Volunteers

BCVS would like to thank our team of volunteers who play a major part in our organisation and deserve a massive thank you for their excellent work and dedication.

They provide invaluable support to all areas of BCVS, and are a vital and integral part of our team.

You’re all amazing!
