Themes: Families and Children, Physical Disabilities, Specific Health Conditions, Support Groups

Aimed at: All People

We provide a supportive lifeline & activities that benefit those affected by Encephalitis, their families and carers. To produce quality, evidence-based information on all aspects of the condition. To raise awareness about the condition and its consequences among relevant professionals, statutory agencies and the general public. To encourage research into Encephalitis and its after-effects.

Area: Bassetlaw, Bolsover
