As the largest charity care provider in the UK, our values have underpinned our entire approach for over 75 years.

The MHA way:

We nurture mind, body and spirit

We inspire the best in each other

We respect every person, treating them with dignity.

Putting our values into practice

We put people at the heart of everything we do, treating people as individuals, respecting and honouring their wishes and providing care in a way that's best suited to each person's specific needs, enabling them to live later life well.

We place great importance on nurturing the mind, body and spirit of those we care for, their families and our colleagues regardless of faith, background or belief. Read more about our approach to equality, diversity and inclusion >

It is important that all our colleagues, volunteers and those we care for understand and share our values in order to play their part in building a community that enables people to live later life well.
