We believe that every young person should have the chance to embrace exciting opportunities. So, we help 11 to 30 year-olds to find the tools and confidence to try free courses and start careers.

We are open to young people aged 11 to 30 from all over the UK - no matter if they have been facing some serious issues such as homelessness or if they've been in trouble with the law. If they're willing to aim high - we are here.

We have returned £1.4 billion in value to society through our help for young people over a period of just ten years.

We work with delivery partners across the UK to offer hundreds of free courses, grants and mentoring opportunities to inspire young people to build their confidence and start a career. We will be there to support them to achieve their full potential.
