We are a national charity working to transform the hopes and happiness of young people facing abuse, exploitation and neglect. We support them through their most serious life challenges and we campaign tirelessly for the big social changes that will improve the lives of those who need hope most. We've been doing this for 140 years and we won't stop until we've built a society where hope is alive in every child.

We provide specialist support that empowers young people to make positive changes and rediscover their hope. They want a future they can look forward to and we're here to make sure they get it. Working alongside young people, their families and community, we will not rest until together, step-by-step, we've created a society built for all children.
