Themes: Children's Health and Behaviour, Families and Children, Health and Wellbeing, Parenting

Aimed at: Baby & Toddler Age 0-5, Women only

Breastfeeding support session run by Peer Supporters with trained staff available.

Our Baby and Breastfeeding Encouragement and Support groups (known as BABES groups) offer a welcoming atmosphere for all mums who breastfeed, offering tips and practical ways of helping mums to enjoy their breastfeeding experience and to help you with any concerns.

Come along and meet other breastfeeding mums and share your experiences. It is an opportunity for you and your baby to meet new people in an enjoyable place.

Please Note: these session details are Pre-COVID, for current information please contact your local Children's Centre using the contact details below

BABES groups and peer supporters will provide support and information on:

Positioning and attachment

Tips on increasing milk supply

How to hand express

Night feeds

Antenatal and Postnatal breastfeeding

BABES groups also welcome mums-to-be. The group offers an idea of what to

expect from breastfeeding and mums-to-be can join the interactive antenatal workshops, which provide information on baby's development and how to get breastfeeding off to a good start.

Please Note: these session details are Pre-COVID, for current information please contact your local Children's Centre using the contact details below
