Welcome to Beech House Care Home

Awarded OUTSTANDING by the QC and given a band 5 rating (the best there is) by Nottinghamshire County Council & holders of the Dementia Quality Mark (DQM) for excellence in dementia care provision.

Fiona and I realise you are in the process of making a very difficult decision; but please be comforted by the fact that we fully expect that Beech House Care Home, Worksop, will exceed any expectations you may have of senior living.

But don't just take our word for it – come and have a look for yourself. We would love to be given the opportunity to show you around, so that you can experience the very special “country house style” atmosphere here at Beech House first hand.

When we first discussed taking over Beech House Care Home we wrote down our vision for the home and a set of core values we wanted to bring to it. Basically, these mirrored what we would want for any of our relatives and our own value system. I trust this little insight will help to give you confidence that Beech House Care Home could well be the right choice for you.

The Vision

To own a happy home that has an excellent reputation locally. To provide a relaxed, friendly atmosphere and a safe, yet rewarding and stimulating

environment; a place that allows residents to conduct life as near to how they would in their own home, with as few “house rules” as possible. We want to promote an environment of respect for residents, relatives, staff and each other; enhancing life for all of us.

Simon & Fiona Hodgkinson

Area: Bassetlaw
