Themes: Advocacy, ,

Aimed at:

Young people's centres provide safe spaces for young people, with trusted youth workers and fun and engaging activities. In Nottinghamshire we have a number of purpose-built Young People Centres across the county managed by Youth Workers as well a number of clubs and mobile provision.

Our Youth Centres and Mobile provision are OSHSAS approved, which means they reach a high level of health and safety standards. We ensure we follow all government and industry COVID-19 guidelines with increased hygiene and safety measures to keep you safe.

We offer a safe, welcoming and fun environment for Young People aged 10-19 and provide engaging activities as well as help and support.

At Bircotes Young Peoples Centre, we are a local service that aim to engage Young People in positive activities and to help teach life skills in a FUN and positive way.

We provide exciting yet healthy food every night for Young People to enjoy as well as having a Tuck Shop on offer!

We also provide a large range of services and professional advice to any Young Person who needs it including the C-Card Scheme.

For more information regarding the Youth Service or the C-Card Scheme please see the links below.
