Themes: Volunteering

Aimed at: All People

Do IT is one of the top platforms signposted to through gov.uk guidance on how to help safely. Do IT has been working alongside the Government as part of the response to COVID-19 and are helping volunteers to get involved to support the most vulnerable people in their homes. Our aim is to make it easy for everyone in the country to provide all the help they can, and for every voluntary organisation and every person to find the help they need. So, we've created a community for the nation - 'Our Community' - on the Do IT platform.

Find the perfect volunteering opportunity just for you.
