Welcome to our Retford Group

We're here to support you and your loved ones to live well with MS.

Whether you have MS, or care about someone who does, join our group to connect with other people from the community and share experiences. We don't want anyone to face MS alone.

From information on local services to opportunities to meet others in the area and more, our group is part of a large network of MS Society groups across the UK. We hope to meet you soon!

Physiotherapy-based Pilates exercise for people with MS who want to improve
their strength and coordination. The class has a maximum of 10 people and is run
by a qualified neurophysiotherapist.

Pilates is a form of exercise that aims to strengthen the body in an even way, with
particular emphasis on core strength to improve general fitness and wellbeing.
Exercises are often done on a mat, or using special equipment like soft balls and
bands, and can be adapted for people with limited mobility.

Pilates exercises are low-impact but work every part of the body. They can help
you build muscle strength and control and improve your balance, posture and
body awareness. Pilates can also help your psychological wellbeing by relieving
stress and tension, and offering the social advantages of being part of a group.
