Themes: Advocacy

Aimed at: All People

NHS Bassetlaw CCG is a member organisation consisting of 9 practices across Bassetlaw. The CCG is committed to working with its partners and patients and the public to improve the commissioning of services within available resources to deliver the greatest benefit for the people of Bassetlaw in terms of health outcomes and value for money for the tax payer.

In April 2013 the CCG became a Statutory NHS body and took on full responsibility for the commissioning of health services for the people of Bassetlaw.

NHS Bassetlaw Clinical Commissioning Group represents 9 GP practices and 114,000 patients and is based in North Nottinghamshire. We have responsibility for commissioning healthcare for the population of Bassetlaw. Commissioning is a process of planning and buying services to ensure that the people who live in Bassetlaw have the right healthcare. The steps involved in this process are:

Determining the needs of local people to improve health outcomes, reduce health inequalities and prevent ill health

Finding out what people think about the healthcare they receive

Designing better ways to deliver healthcare

Contracting with other organisations to provide the healthcare services that are needed

Monitoring the healthcare provided to make sure it is of the right quality and

offers good value for money.

How to get in touch with Bassetlaw CCG
