

Marketplace - community services brought closer

Joy Marketplace is the new way to bring your groups, activities, services and support closer to the communities who need them.

We have made it FREE for VCSEs and community groups to use. You can promote your service to health and social care professionals, as well as local people, with no cost attached.

GPs, Social Prescribers, Health Coaches and, Care Co-ordinators can refer directly through the Marketplace to your service.

Marketplace - community services brought closer

When you add your service to Joy Marketplace you get all this for FREE:

- A fully searchable listing with imagery and bespoke referral pathway
- A full web page to tell people all about what you do and why
- The ability to link to your website and add contact details
- Reports on who is referring to you, how often, and for what reasons
- Localised prioritisation in search results to put you front of mind for local people and professionals

Throughout the Derbyshire Dales the District Council train and support volunteer walk leaders to lead low level walks and strolls.

Each market Town - Ashbourne, Bakewell, Matlock and Wirksworth - has a very low level walk which walk for between 60 and 90 minutes but at a very steady pace perhaps covering up to 2 miles.

Marketplace - community services brought closer

It's quick, easy and FREE to get started.

Joy run regular Get Started sessions to show you how to add your service to the Marketplace and get the most out of the platform.

Our aim is to connect services that help improve health and wellbeing with the people that need them, and we'd love to welcome you onboard.

Routes To Grow aims to tackle social isolation and loneliness.

Every Tuesday and Friday, from 10am to 3pm, we open the garden to anyone who wants to pop in and do a bit of gardening. You are also welcome to simply have a wander around the garden, enjoy a cup of tea, or just have a chat!
